KEMERLİ GROUP

Kemerli Metal was established in Kayseri in June 2008 on an area of 23.000 m². It started service in order to meet the needs of the furniture and construction industry in Turkey.

Our company, which has increased both its product range and market volume over time, produces industrial staples for the mattress and furniture sector under the Kemerli brand and Kemerix brand, and steel concrete fibers for the construction sector.

Within the scope of our policy to meet customer demands and expectations at the highest level, Santel, Telsan and Abakan have recently been added to our brands and product diversity has increased.

In 2017, in parallel with the increasing demands and growing business volume, a second production facility was established in Dilovası (Kocaeli).

Our company is managed with a policy based on continuous development, statistical process control, customer satisfaction, sustainability and social responsibility with the experience it has gained since its establishment and with its modern management staff.

The vision of our organization, which is the leading company in the furniture and construction sector in Turkey, is to take its place among the leading companies in the world by 2030.

Kemerli Metal's long-term goal is to become a world brand.

Our efforts for business development and training continues in this direction.
